**Description** The envisaged database aims at establishing the first comprehensive bibliography of early modern historiography in Ottoman Europe, thereby providing a lasting support for historical research. As experts in their field, individuals as well as institutions are invited to contribute information for consideration to ottomanhistoriography@rub.de. This way, the "Bibliographical Database of Historiography in Ottoman Europe" can evolve into a dynamic and diverse openly accessible and valuable repository of both common and rare bibliographical information provided for and by specialists worldwide.  
**Table of Contents** <http://www.ub.rub.de/oh/index.html>  
**Notes** We welcome hints to suitable material and look forward to fruitful cooperation!

### What we Do

- **What**  
comprehensive bibliographical meta-data of historiography in Ottoman Europe (primary & secondary sources 1500-1800), mainly Balkans
- **Why**  
important desideratum for various disciplines & historians worldwide

- **When**  
2014-2018, DFG funded project

- **Where**  
University Library Bochum & History Department Bochum, Germany; international research

**Join the Network**  
We welcome your proposals  
and feedback!
